What makes us special:

We are a one-stop shop! We plan your campaigns, your target audience AND create the graphics.

Unique features:

Ability to specifically target based on: age, gender, income level, keywords, geographic location, and interests.

Special guarantee:

Your ads are seen on HIGHLY visited websites: like weather.com, espn.com, local news affiliates, and foodnetwork.com.

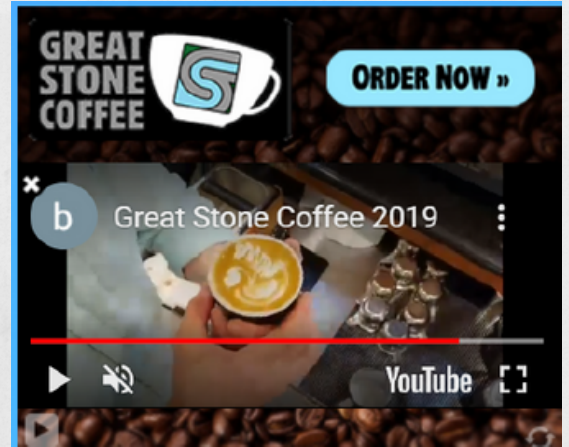

VIDEO ADVERTISING

Establish Visual and Emotional Connections to your Customers

Pre-Video Roll

15 or 30 second commercials that play before, during and after premium video content. Similar to banner ads, video advertisements are highly targeted, reaching specific locations, demographics and groups with certain online habits.

Connected TV/ Over the Top (OTT)

Video commercials that are served to users while watching premium content, like shows or movies on their desktop, laptop, tablet, mobile device or Smart TV. Household level geographic targeting.

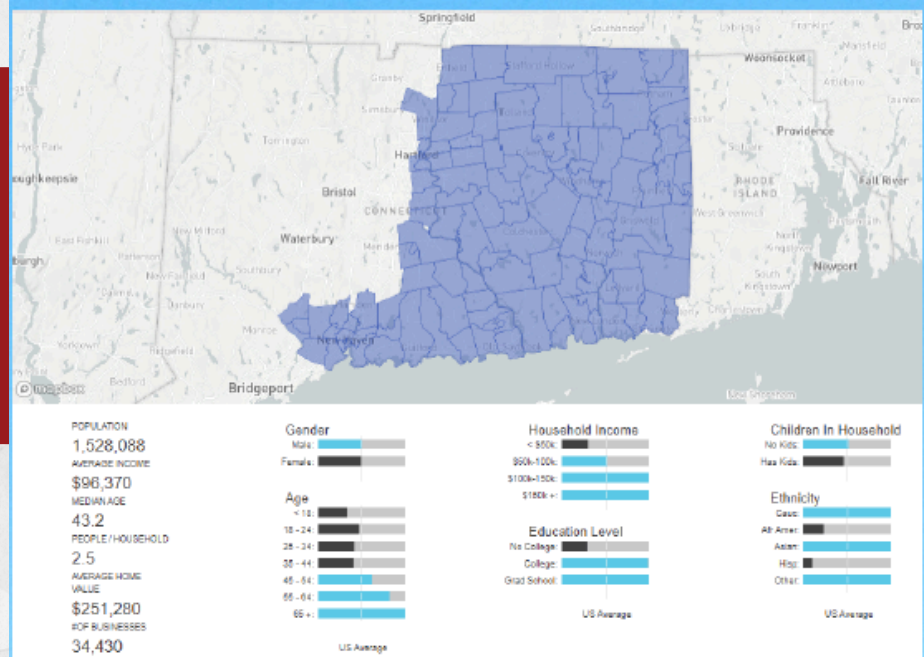

YouTube Video

Targets based on audience behavior, demographics and interests and geography

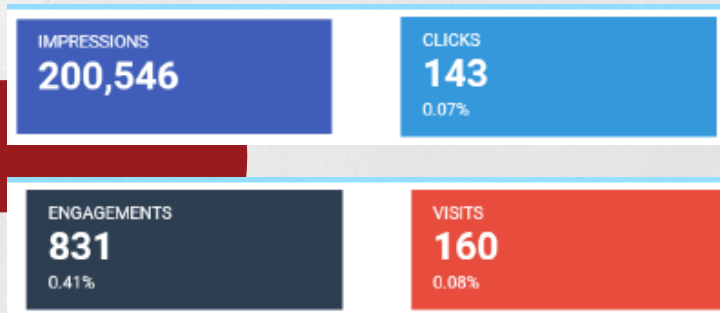

DETAILED ANALYTICS

Isolate the right demo and geography to reach your target customer

We show you WHERE people see and click on your ads, based on what geographies we customized.
