## Color Our World with Stories: Summer Reading Begins at Seguin Public Library

Cindy Aguirre-Herrera

(Seguin) -- Who says summer adventures only happen at the beach?

This year, the hottest destination and the best place to keep cool is the Seguin Public Library.

The Seguin Public Library is inviting the community to unleash their creativity this summer through its 2025 Summer Reading Experience, a season-long celebration of art, imagination, and the joy of reading.

With the theme "Color Our World," this year's program will inspire participants to explore how creativity and artistic expression enrich daily life. That's according to Betsey Leitko, the library's youth services manager.

"Our theme for this year is 'Color Our World.' So, it's just really encouraging everyone to just explore the world, explore art and see how it can enrich your lives.

It's just a way to encourage people to come to the library and learn something new all summer long especially for our kiddos while they are out of school -- keeping them exercising that brain until schools start up again in August," said Leitko.

Leitko says the library will be more than just books. She says it will offer a number of fun weekly programs and activities beginning this Saturday.

"We will have some really fun programs going on. We are going to kick off on Saturday, June 7 at 10 a.m. with a foam party. It's going to be out in the parking lot. We will have Big Time Bubbles coming out with their big foam cannon and so we will have music, we will have foam. It will be lots of fun," said Leitko.

## Guadalupe County residents invited to weigh in on \$256 million in transportation projects

Cindy Aguirre-Herrera

(Seguin) -- Local residents this Thursday will be given a chance to help shape the future of local transportation right here in Guadalupe County.

The Alamo Area Metropolitan Planning Organization (AAMPO) will be seeking public feedback on proposed infrastructure projects. These projects will all be competing for a share of \$256 million in regional funding. AAMPO will host a public meeting this Thursday at 6 p.m. at the Seguin Public Library.

AAMPO spokesperson Mia Garza-White says the proposed

improvements aim to support growth, increase mobility, and enhance safety throughout Guadalupe County.

"We will be bringing 49 projects that are proposed to be a part of our transportation improvement plan which is our short-range plan and they are all transportation projects and then they will have the opportunity to comment and rank their top 3 projects," said Garza-White.

Of those 49 projects, Garza-White says seven of those are being proposed for Guadalupe County.

### Library, continued.

After this weekend, Leitko says families are encouraged to mark their calendars on Thursdays for a host of other scheduled events.

Weekly events include performers such as Austin Reptile Shows, Master Juggler Matt Tardy, Sock Monkey Circus and more. Children's events will be every Thursday and registration will be required.

Teens, ages 12 to 17, will also have plenty to look forward to. Signature events include an Interactive Movie on June 21 at 2 p.m. and Paint Night on July 11 at 5:30 p.m. Additionally, Teen Tuesday will return each week from 4:30 to 5:30 p.m., offering activities like video gaming, drawing, and creative workshops. A teen art and writing competition will also give participants a chance to win prizes and have their work displayed at the library.

Like children and teens, Leitko says adults are also invited in for some fun. She says the summer will feature a variety of interactive events such as an Escape Room, Murder Mystery Party, Jigsaw Puzzle Competition plus Comedy Night, and many other fun activities.

"Adults, they also have a reading component and so when they read, they get the chance to win some really awesome prizes that we have but we also have some great programs for them to come and participate in. We have a book club. We have tai chi. We have a coloring club. We have an adult social hour which our adult services librarian always plans some really fun activities during that program," said Leitko.

To make sure they are completely in the loop of all things summer, Leitko encourages participants to register, pickup up an activity board and complete the tasks on that board for a chance to take home some very special raffle prizes.

"They just need to come to the library. They can register in person, or they can call us or email us to register as well. You don't have to have a library card to participate in any of these activities whether it's the reading portion of the program or to come to any of the events that we have going on," said Leitko.

Again, a library card is not required to participate. Participants have until August 7 to complete their activity boards and be entered into a drawing for prizes.

The Seguin Public Library is located at 313 W. Nolte St.

# #YOURMOVE

Connect. Collaborate. Change.

Projects, continued.

The projects seeking public input include:

- **US 90 and State Highway 46 Sidewalks and Shared-Use Path (SUP):** A 12-foot-wide shared-use path is planned along SH 46 from B and B Road to US 90 in Seguin. Additional 6-foot sidewalks are proposed on US 90 and US 90 Alternate, with a vital pedestrian connection through Seguin ISD property.
- **Martindale Road Expansion:** Plans call for added travel lanes, a raised median, and concrete sidewalks from FM 20 south to Twin Oak Road.
- **Citywide Pedestrian 2028 Initiative:** This project would install new 6-foot sidewalks and 10-foot shared-use paths in multiple locations throughout the city, including ADA ramps and safer intersection crossings.
- **Stremmel Road Extension:** A four-lane roadway extension is proposed from Rudeloff Road to N. Austin Street, with a 12-foot shared-use path and raised median to improve both vehicle flow and non-motorized access.
- **SH 123 Widening:** This project proposes expanding the highway to four lanes with a raised median and turn lanes to ease congestion and

improve safety.

- **IH-10 Enhancements:** A westbound frontage road would be constructed between SH 123 and Geronimo Creek, along with ramp revisions for improved traffic management.
- **FM 3009 Realignment:** The project includes a grade separation at the Union Pacific Railroad/FM 78 intersection, with accommodations for both pedestrians and cyclists.

Garza-White says public feedback is a critical part in selecting these projects for funding and encourages residents to take part in Thursday's public meeting.

"It plays a very big part. Public input is not only federally required but we think it's very important to get the public's opinion on our transportation projects – what the public's priorities are? The public often brings to attention really important points that aren't really considered otherwise so it's very important that we have these meetings with us. As the decision is made about these projects, public input is taken into account as something that is a big deal," said Garza-White.

Residents unable to attend the Seguin meeting can still participate by submitting comments online from now through June 30, at [alamoareampo.org/yourmove](http://alamoareampo.org/yourmove).

The website also provides project maps, detailed proposals, and more information about the planning process.

Born on December 11, 1933, Lupe was the eldest of nine children. From an early age, she demonstrated an unwavering commitment to her family, nurturing her siblings and standing as the glue that held them together throughout her life. Lupe was more than just a sister; she was the heart of her family. Her home was a sanctuary filled with love, where everyone felt welcomed and cared for, whether they were family members, friends, or strangers who needed warmth and kindness. She often opened her doors to those in need, embodying the spirit of hospitality and compassion that defined her existence.

Lupe could often be found greeting congregants with a smile, and she performed countless prayer services for those seeking solace. Her faith was a guiding light, and her prayers touched many lives throughout her community. In her quiet moments, Lupe found joy in tending to her garden, relishing time spent outside. The simple pleasure of relaxing on her porch in a rocking chair brought her tranquility and happiness, grounding her amidst the busyness of life.

Lupe also had the joy of 26 great-grandchildren and one great-great-grandchild, each carrying a piece of her spirit forward in their own lives. Lupe’s absence will be deeply felt by her siblings: Victor Hernandez, Susie Rico, Sarah Carrillo, Felix Hernandez, Patsy Cruz, Josefina Diaz, Sylvia Arreola, and Esperanza Espinosa, as well as a multitude of nieces, nephews, and other family members and friends whose lives she touched so profoundly.

## Stauber

Carl Matthew Stauber, born January 18, 1933, in Tacoma Park, Maryland, passed away peacefully on April 14, 2025, at the age of 92. At the time of his passing, Carl resided in Argent Court, Seguin, Texas. Carl leaves behind a legacy of adventure, craftsmanship, friendship and love.

When Carl was 12 his mother died and he moved to Alma Center, Wisconsin to live with his Uncle Harold and Aunt Martha. It was there he discovered his lifelong passion for the great outdoors.

Carl's career as a cartographer started when he joined the United States Air Force in Intelligence. He served his country proudly during the Korean War. He worked for the USGS for many years. In 1957 he married Elaine Barker.

A gifted woodworker, Carl created beautiful furniture, and craft pieces for Elaine to paint, and later in life mastering the art of turning bowls and platters on his lathe.

His love for the outdoors led him to become an accomplished marksman, winning numerous state and regional trap shooting championships, often with his beloved wife, Elaine, by his side. Carl's skill as a waterfowl hunter was renowned from the Chesapeake Bay to the wilds of Canada and Alaska. If Carl wasn't hunting or shooting at clay birds he was fishing. He fished lakes, rivers, streams, the ocean; and if he thought it might have a fish in it, he was going to wet a hook and give it his best, which was outstanding. And somehow Carl found enough time for golf and reading too.

But traveling in a camper with Elaine and their poodle, Taffy, may have brought him the most joy. Carl found immense joy in meeting new friends at every campground, his gift for storytelling captivating audiences with tales of his adventures in growing up in the Wisconsin woods, hunting, fishing, sailing, and shooting. Carl's friendly and resourceful nature, coupled with his loyalty and knack for finding good in others, made him a cherished friend across generations.

Carl was preceded in death by his parents, Carl John Stauber and Milda Van Gordon Stauber, his sister Marie Stauber Pappas, his brother Van Gordon Stauber, and his beloved wife, Elaine B Stauber of almost 56 years. He is survived by numerous nieces and nephews. He was a devoted Catholic and loved his church community.

A visitation will be held on Wednesday, June 4, at 10:00 am at St. James Catholic Church, followed by a Mass of Christian Burial at 10:30 am, with the Rev. Greg Nevlud officiating. A reception will follow. Interment will take place at a later date in East Lawn Cemetery, Alma Center, Wisconsin.

Memorial contributions in Carl's name may be made to St. James Catholic Church, 510 S Camp, Seguin, Texas, 78155 or to the Guadalupe County Humane Society, P.O. Box 1593, Seguin, Texas, 78155.

Though Carl will be greatly missed, his stories will live on, bringing fond memories and smiles to all who knew him.

You are invited to sign the guest book at [www.treshewell.com](http://www.treshewell.com). Arrangements are under the direction of Tres Hewell Mortuary, 165 Tor Dr., Seguin, Texas, 78155, 830-549-5912.

MEDICAL CENTER

Advanced Medicine. Personal Touch.

**Salmonella Outbreak In Cucumbers Expanded To 18 States**

(Washington, DC) -- A salmonella outbreak in cucumbers has expanded to include 45 people reporting illness in 18 states. Target has been added to the list of retailers that sold recalled cucumbers or ready-to-eat products with the fruit and is warning consumers to throw them in the trash. Target released a list of recalled products, including a Greek-style chicken salad from Boar's Head and several types of sushi sold under the Mai brand. The FDA said 16 of the 45 people who have reported illness have been hospitalized. The agency said all the illnesses have been linked to cucumbers produced by Bedner Growers and distributed by Fresh Start Produce Sales.

**Exercise Linked To Lower Rates Of Returning Cancer**

(Undated) -- Exercise could reduce the risk of colon cancer making a comeback. A new study found that people who had recovered from colon cancer that developed a personal exercise program were 90 percent cancer free after eight years. Patients without an exercise program were 83 percent cancer free. The findings were published Sunday in the New England Journal of Medicine.

**FDA Updates Recall Of Tomatoes**

(Washington, DC) -- The Food and Drug Administration is updating a tomato recall in three southeastern states. The agency says there is a higher possibility that potential salmonella contamination could lead to "serious adverse health consequences or death." The FDA said that the recalled batch is no longer in stores, but the bacteria can survive for weeks in dry environments and for months if frozen. The tomatoes were sold in packages as small as three a pack to as large as 25 pounds. They were distributed between April 23rd and 28th to Georgia, North Carolina and South Carolina under the H&C Farms label.

**Hundreds Of CVS Store Closures**

(Woonsocket, RI) -- Hundreds of CVS pharmacies are closing this year. The national drug store chain confirmed the closure of 270 stores as part of an ongoing effort to "realign" the company's retail footprint. News of the closures were first announced in October of 2024. The company also said it planned to open nearly 30 CVS Pharmacy locations this year and it previously shared plans to open "smaller format" stores in select communities.
