

Capital Campaign

Goal: \$300,000

Reach for Recovery is a West Michigan-based nonprofit providing residential and outpatient substance use disorder treatment for over 50 years. Reach serves all individuals regardless of ability to pay and is one of the few Medicaid-accepting accredited SUD providers in the region. However, Medicaid reimbursement rates do not fully cover the cost of care, creating ongoing financial challenges.

As a result, Reach faces challenges when it comes to major repairs and capital improvements. Support from donors helps cover critical needs such as roofs, HVAC systems, and other essential building repairs.

#	Details	Location	Cost
1	Replace Roof	Annex	\$50,000
2	Furnace (Heil 1987)	Annex	\$4,500
