- **All Contests are also subject to Midwest Communications, Inc./WRIG, Inc. Official Rules which are either incorporated herein by reference as Addendum C or on the station website.**

ADDITIONAL CONTEST NOTES

1. Contestants can print the game board from www.FroggyWeb.com, but the game board is not necessarily required to play. Each game board will consist of 50 squares and an undisclosed dollar amount within each square.
2. Register your information at froggyweb.com. When you hear your name you will have 9 minutes to call the studio.
3. If your name is announced, call 701-241-9936 within 9 minutes. Cue to call plays are at 7:20am, 8:20am, 3:20pm & a 4:20pm each weekday. ****All times are approximate****

Note: Due to the nature of our programs that are heard on-line over the Internet, contests heard on the radio station's Internet audio stream are slightly delayed from the time the contests heard on the broadcast station and may be running behind the broadcast signal. Thus, all contests heard are delayed. This delay can last for 30 seconds up to several minutes. This means that when the station announces winning names in this contest, listeners to the on-line audio stream may be at a disadvantage in participating over those listeners who hear the contest on conventional radio.

4. Qualifier will choose two squares that contain various dollar amounts from the game board posted on the website at www.froggyweb.com. Make a dollar value match with the two chosen squares to win the displayed amount of money. Please note that your first guess is your final guess and cannot be changed.
5. Once squares are matched, they are no longer at play.
6. Failure to match two squares will equal no cash payout or prize winner and those squares will continue to be at play until matched.
7. Previously chosen (matched) squares on each game board are ineligible and no longer at play. If these squares are chosen, it will result in a loss and the game will end for the caller.

Note: Due to the nature of our programs that are heard on-line, contests heard on the radio station's Internet audio stream are slightly delayed from the time the contests heard on the broadcast station and may be running behind the broadcast signal. Thus, all contests heard are delayed. This delay can last for 30 seconds up to several minutes. This means that when the station announces winning names in this contest, listeners to the on-line audio stream may be at a disadvantage in participating over those listeners who hear the contest on conventional radio.
