### HOW TO ENTER & WIN:

94.1 DUKE FM and Bavarian Blast Waterpark in Frankenmuth want to make this the best Halloween Season ever with the "94.1 DUKE FM Bavarian Blast Pumpkin Patch Plunge"!

Beginning October 1, listen each weekday morning from 6 am until 10 am for Stephanie McCoy to tell you what the "The Pumpkin Patch Pick of the Day" is, the song that you will need to listen for Chris Tyler to play that afternoon between 3 pm and 7pm. When you hear Chris play the song, text "PUMPKIN" to 517694DUKE (5176943853). We'll choose one winner from each day.

Be sure to listen every day because you never know when Stephanie will tell you its a "Double Plunge Day", where Chris will pick TWO QUALIFIERS!

If a contest participant becomes a qualifier, they cannot transfer their status to someone else. You can try to become a qualifier as often as you like until you become an actual qualifier. You can only qualify once during the entire contest and there can be only one qualifier per household per address.

At approximately noon on Saturday, October 25, 2025, we'll gather all 20 of our winners at a location to be determined, where each qualifier will choose at random one of 20 plastic pumpkins. Qualifiers will pick a pumpkin in the order in which their name is drawn at the game play location. All of our pumpkin pickers will win \$100 dollars, and four (4) of our lucky pickers will also win a Family 4-Pack of Day Passes to Bavarian Blast Waterpark, located at the Bavarian Inn Lodge in Frankenmuth, Michigan!

If you feel that you are a qualifier and have not received information pertaining to such, please contact the station during standard business hours at 517-699-0111. Prize must be accepted as a "prize package".

Keep listening to win with the "94.1 DUKE FM Bavarian Blast Pumpkin Patch Plunge," from Bavarian Blast Waterpark, and your home for local winners on 94.1 DUKE FM!

**\*\* Please play safely. If you are driving during play, you must pull over to a safe location before texting. \*\*.**

**Note:** Due to the nature of our programs that are heard on-line, contests heard on the radio station's Internet audio stream are slightly delayed from the time the contests heard on the broadcast station and may be running behind the broadcast signal. Thus, all contests heard are delayed. This delay can last for 30 seconds up to several minutes. This means that when the station announces winning names in this contest, listeners to the on-line audio stream may be at a disadvantage in participating over those listeners who hear the contest on conventional radio. For this contest, the station will start counting down when the announcement is made on the radio broadcast signal.
