**Notice to Homeowners**

**Vandalia Sidewalk Project – Sunset Dr**

Dear Homeowner,

On the above referenced project, we are writing to inform you that the sidewalk upgrade project will be taking place in your neighborhood beginning the week of October 19th. For your safety and convenience, we will be closing this portion of the project to through traffic in two phases so you can park safely along the roadway and stay in a close proximity to your homes. The barricades will be staggered so you can come and go as you please and we will provide access to school buses, mail service, trash service, deliveries, etc., so this project does not disrupt your daily lives any more than is necessary.

Once we begin, we would ask that you please park along the east shoulder of the road and avoid the work areas as much as possible for your safety. This will allow you access to your homes and allow us to safely get all required equipment to the west side of the street where the sidewalk construction will be taking place. We want to thank you for your assistance and patience as we work through this project and please know that this safety measure is to help minimize the disruption to your daily life and to ensure the safety of all involved. Please do not hesitate to reach out if you have any questions or concerns.

We will have employees going door to door in the week before we plan to start to help answer questions. If you are not home, a copy of the letter will be left on your door along with a map of planned areas of activity.

Respectfully Submitted,

Blake Davidson
