**RE: Donation Drive – Project Green Room**

Volunteers and professional outreach services have been actively working to support unhoused people in Saint John to access services and support to keep safe this winter. To assist in this effort, Street Team SJ, Fresh Start, the City of Saint John, and several Community Service Organizations in Saint John are asking the public to donate much needed supplies and new and/or lightly used clothing and household items. For a detailed list please see page 2.

For the next 3 Saturdays volunteers will be accepting clothing items, personal hygiene items, camping gear and household furnishings.
